Are V'all Ready, V'all?

Mama can't help but meddle in the lives of her children, and she has outdone herself this time.

She arranges a family get together in California so she can help each of them
"make their lives more successful".

However, her son's wife goes into labour! The problem?

Mama has also arranged for the expectant mother to be in Alabama at the same time.

This triggers a hilarious race to beat the stork.

Despite a strange alien encounter, a last-minute wedding with off-their-rockers relatives,
a wild high-speed police chase, a crazy session in night court and much more, this desperate trio drive on.

Fasten your seatbelts! You've never been on a zany family road trip like this one.
